Welcome to our company

Welcome to KADET, where Web3 streaming transforms entertainment. We're building an audio and video platform that rewards artists and viewers with Pi and $KADET cryptocurrency, powered by Pi Network. Join us as we scale from 100,000 to 10 million users by 2030, empowering talent worldwide starting with Nigeria's underserved communities. Our journey begins with kadet.pi on April 15, 2025—be part of the revolution!
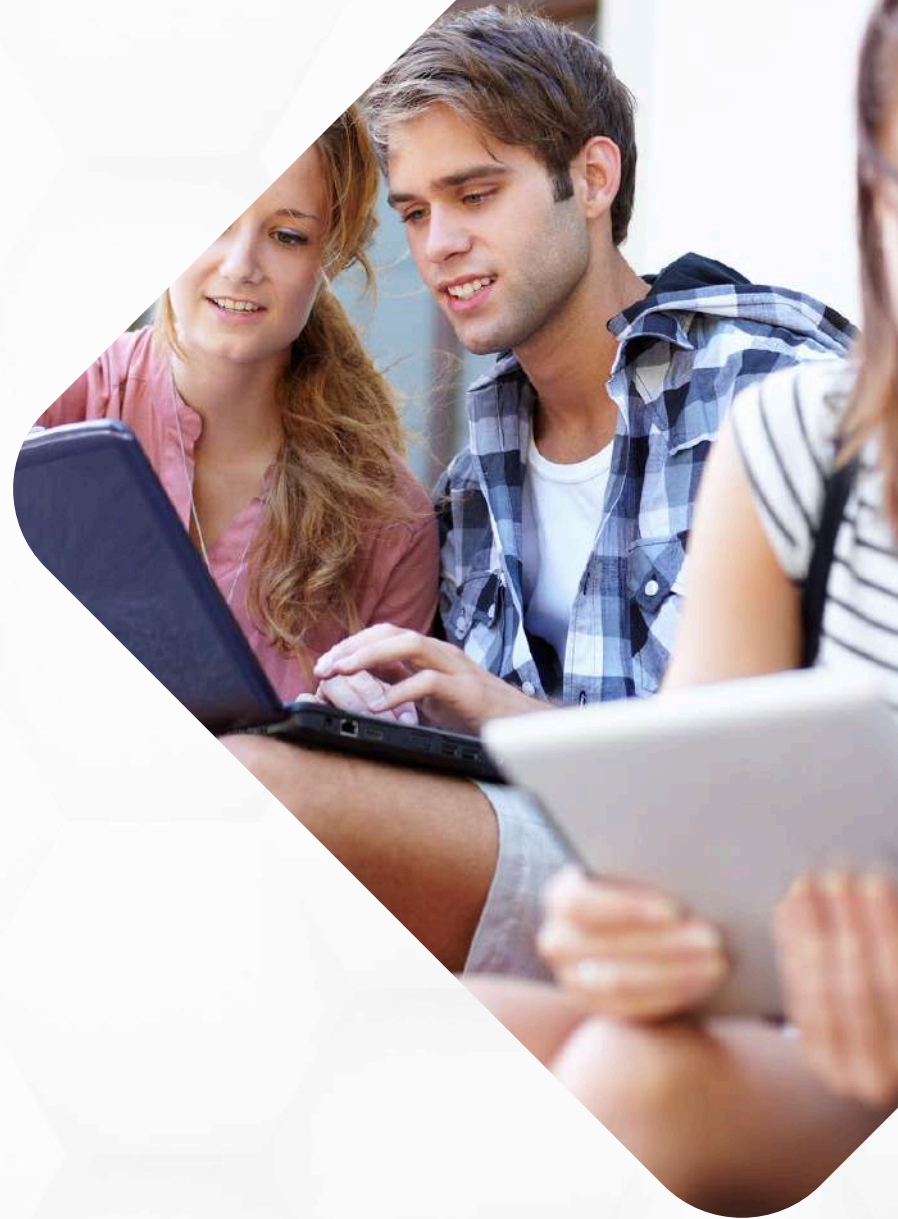

About Our Company

KADET is a Web3 streaming pioneer, launching an audio and video app that redefines how artists and viewers connect. Built on Pi Network, KADET rewards creativity with Pi and $KADET artists earn for uploads, viewers for engagement from a 100 billion $KADET supply. Targeting 10 million users and a $500 million valuation by 2030, we're dedicated to uplifting young talent from underserved regions. Our mining app debuts Q3 2025 join us at kadet.pi, live April 15, 2025.

Our Vision

Our vision is to revolutionize streaming by empowering 10 million users with a $500 million Web3 ecosystem by 2030. Built on Pi Network, KADET rewards artists and viewers with Pi and $KADET, bridging creativity and value. We aim to uplift young talent from underserved communities like Nigeria's trenches giving them a global stage. Launching with kadet.pi on April 15, 2025, and our mining app in Q3 2025, we're shaping the future of entertainment

Our Mission

KADET's mission is to scale a Web3 streaming platform from 100,000 to 10 million users by 2030, creating a $500 million ecosystem that rewards artists and viewers with Pi and $KADET. Built on Pi Network, we empower creativity and engagement while uplifting young talent from underserved communities starting in Nigeria's trenches. Join us at kadet.pi on April 15, 2025, as we redefine entertainment for a global audience.

Our History

KADET was born in March 2025 in Nigeria, sparked by Fasoto Temidayo Itunu's vision to transform streaming with Web3 rewards. Inspired by TikTok and Pi Network's 35 million+ users, we began crafting an audio and video app to empower artists and viewers with Pi and $KADET. From humble beginnings, we're set to launch kadet.pi on April 15, 2025, and our mining app in Q3 2025, aiming for 10 million users by 2030 driven by a passion to uplift talent from the trenches.
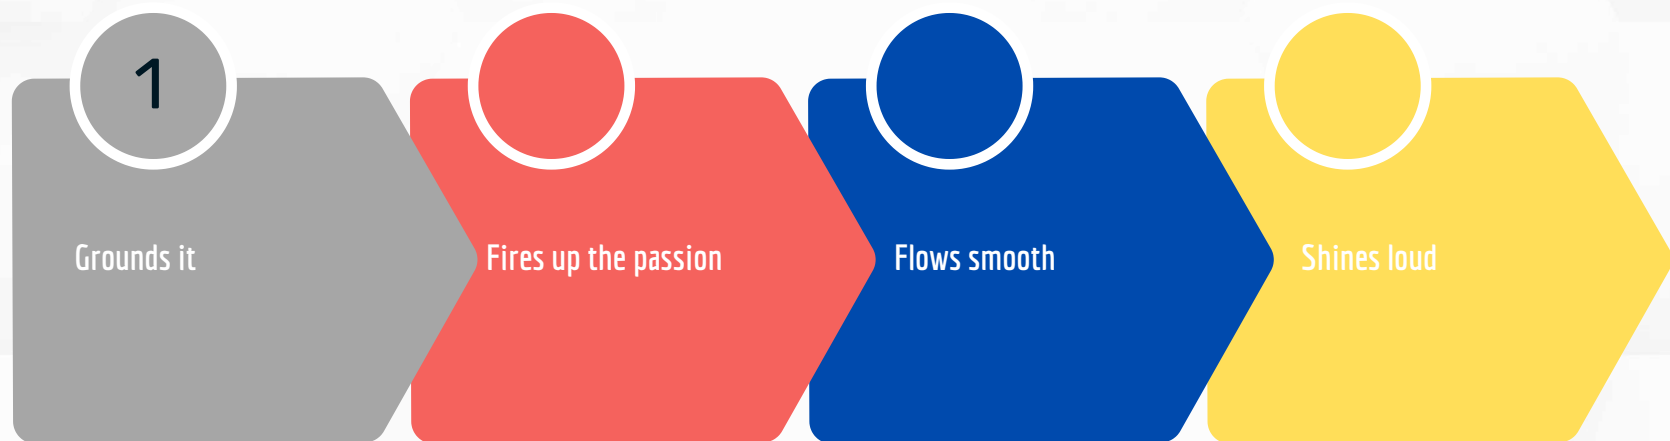

Problem

KADET solves streaming inequities with a Web3 audio and video app on Pi Network, rewarding artists with Pi and $KADET (e.g., 100 $KADET/upload) and viewers (e.g., 0.1 $KADET/minute watched) from a 100 billion supply. Launching our mining app in Q3 2025, we empower talent especially from underserved communities with fair earnings and a global platform, scaling to 10 million users by 2030.

Solutions

KADET solves streaming inequities with a Web3 audio and video app on Pi Network, rewarding artists with Pi and $KADET (e.g., 100 $KADET/upload) and viewers (e.g., 0.1 $KADET/minute watched) from a 100 billion supply. Launching our mining app in Q3 2025, we empower talent especially from underserved communities with fair earnings and a global platform, scaling to 10 million users by 2030.

Competitive Advantage

KADET's edge lies in its Web3 reward system on Pi Network, offering artists and viewers Pi and $KADET unlike traditional platforms that profit alone. With a 100 billion $KADET supply and a Q3 2025 mining app, we tap Pi's 35 million+ users for unmatched reach, while empowering underserved talent with a global stage. No competitor blends streaming, mining, and equity like KADET, targeting 10 million users by
2030.

Rewarding Web3

Mining Innovation

Pi Network Reach

Talent Empowerment

Target Market

KADET targets Gen Z and millennial creators and viewers (15–35) globally, with a focus on Pi Network's 35 million+ users eager for Web3 rewards. We prioritize young artists and talent from underserved communities like Nigeria's trenches seeking a platform to earn Pi and $KADET, alongside tech-savvy fans who value streaming and mining. Our goal: 10 million users by 2030, starting with 100,000 in Q3 2025.

Our Best Service

Tap-to-Earn Platform

KADET lets users tap to earn Pi and $KADET through streaming and engagement, launching with our Q3 2025 mining app.

Decentralized Streaming

Our audio and video app, built on Pi Network, offers a decentralized stage for artists and viewers worldwide.

Multi-Chain Rewards

Earn Pi and $KADET (100B supply)—artists for uploads, viewers for watching—scaling to 10M users by 2030.

Kadet Team

A dedicated crew fuels Kadet—visionary leadership crafts our Web3 path, an entertainment expert shapes creative flow, and a marketing pro builds our community, uniting $Kadetmeme and Kadet's streaming future.

Our Portofolio

KADET's portfolio is in the making—launching with kadet.io on April 15, 2025, and our Pi Network streaming app in Q3 2025. Expect an audio and video platform rewarding artists and viewers with Pi and $KADET (100B supply), targeting 100,000 users at debut and 10 million by 2030. We're building a Web3 ecosystem to empower talent from Nigeria's trenches and beyond—stay tuned for our journey!
